Dear Resident,

December 2018

As a reminder, there is no parking from 2 AM to 5 AM, every day, on all streets and all municipal parking lots / areas. And, there is no parking from 8 AM to 10 AM on posted streets. The borough recognizes that residents may have a hardship for parking during those hours due to a host of reasons and has instituted a hardship parking policy that allows parking, for a fee, during the above mentioned times if you qualify.

The following guidelines have been established, by ordinance, for all hardship parking permits.

Permits may be issued for the following situations including but not limited to:

- No driveway or parking area
- Health care personnel on duty
- Work hours
- Visitors
- Construction
- More vehicles than fit in the driveway or parking area

Regulations for persons who have a hardship permit:

- The permit is vehicle sensitive (it is issued for a particular vehicle)
- The permit can be issued any time of the year
- The permit does not guarantee you a parking space
- The permit is good for the specified condition
(Currently “No Parking 2 AM – 5 AM” or “No Parking 8 AM – 10 AM”)
- You must park the vehicle by your house, or, in close proximity to your apartment
- The permit is not valid for times during snow removal. The borough plows curb to curb when there are three or more inches of snow. Parking may resume after streets have been adequately cleared
- Street cleaning and other traffic / parking rules still apply
- The permit can be revoked for failure to comply with the regulations
- The vehicle’s registration address must match the address that the vehicle is being parked near.

If your student is home for the summer and needs to park in the street you can purchase a permit for June, July, and August (3 months). If you need a permit for the entire calendar year it can be purchased any time.

If you have any questions please call me at the number on the front of this letter.

Sincerely,

Sgt. Sean Macys
